PROFESSIONAL SUMMARY

Backend Developer with hands-on experience building REST APIs, authentication systems, and database-driven applications using Java, Python, and Node.js. Skilled in Firebase, MongoDB, and SQL, with a track record of independently designing and shipping full-stack projects from concept to deployment. Strong foundation in Computer Engineering with a focus on scalable server-side systems.

TECHNICAL SKILLS

Languages: Java, Python, JavaScript, C, C++

Backend: Node.js, REST API Design, Authentication, API Integration

Database: SQL, MongoDB, Firebase, Database Schema Design

Web: HTML, CSS, JavaScript

Tools & Practices: Git, GitHub, Version Control, XAMPP Server, VS Code, Agile, Unit Testing

PROJECT EXPERIENCE

Backend & Full-Stack Developer | *GramHealth – Rural Health Care System*

- Engineered a rural telehealth web application using JavaScript, HTML, and CSS with offline support for low-connectivity areas, enabling reliable access for underserved patient populations.
- Built an AI-based symptom checker and low-bandwidth consultation module, reducing dependency on constant internet access for patient-provider interaction.
- Implemented emergency SOS, hospital and pharmacy search, and QR-based patient data sharing, streamlining data retrieval across care touchpoints.

Machine Learning Developer | *Smishing Detection Application*

- Developed a smishing (SMS phishing) detection system in Python using machine learning and rule-based techniques, improving identification accuracy for fraudulent SMS and scam links.
- Integrated an SMS API with real-time alerting logic to flag suspicious messages, reducing manual review effort for end users.

Mobile App Developer | *Student Room Share App*

- Built REST APIs for user authentication and property listings using Java and Firebase, supporting core search-and-book functionality for student accommodation.
- Designed a database schema in Firebase to manage listings, rent, location, and amenities data for scalable retrieval.
- Developed an intuitive UI enabling students to search, filter, and book PG accommodations efficiently.

EDUCATION

B.E. in Computer Engineering

2026 – Pursuing

St. John Institute of Technology and Management

Diploma in Computer Engineering

2021 – 2024

St. John College of Engineering and Management

Aggregate Percentage: 83.39%

SSC (10th)

2020 – 2021

Bhagini Samaj, Palghar

Percentage: 76.40%

CERTIFICATIONS & ACHIEVEMENTS

- .NET Development – KantaScript
- AR-VR – IOFT

LANGUAGE PROFICIENCY

Marathi — Advanced | Hindi — Intermediate | English — Intermediate
